This was agreed by the meeting, subject to RS' views.

LB stressed the need for this approach to some issues across Barking & Dagenham and Redbridge too. He had written to the CEOs for this joint approach on the Violence Against Women & Girls agenda.

LB wished to look at the issue of professional decision making across the Partnership and how decisions are made. He wanted to stress impact of decisions and risk-based decision making. How to find common ground, mutual understanding.

Action 1. Shakira Gordon to attend next meeting & liaise with LB.

3. Proposal that Education becomes Fourth Statutory Partner

BB explained that this arose from the MacAlister Review.

TS and EM had raised this at the ESP (Education Strategic Partnership) today. The ESP meeting had suggested how Representatives could be strengthened between HSCP, ESP and Clusters, which TC would take forward. HSCP was a standing item on the ESP. TC & EM were looking to engage

The meeting agreed this.

Action 2: RS to comment re Education’s place at the HSCP as statutory Partner , and decide re TC attending the monthly Executive.

4. MET Police HMICFRS

LB The Met has moved from Scan to Engage stage with the HMICFRS.

The decision to move the Met to the ‘Engage’ phase is based on the latest HMICFRS report for 2021-22 (due to be published in August), as well as previous causes of concerns from other inspections, and the cumulative impact of high-profile incidents.

Moving into the ‘Engage’ phase means we can expect enhanced oversight and scrutiny, but also that we’ll receive enhanced advice, support and assistance in helping us tackle the causes of concern.

MOPAC are front and centre of holding the Commissioner to account – so of course will be closely involved in this monitoring process.

This year the core issues to be considered would be Child Abuse and Domestic Abuse.
