

Harmful Sexual Behaviours- Barnardo's TIGER Team

Background

As children get older, the way they express their sexual feelings changes. Children and young people who develop harmful sexual behaviours (HSB), harm themselves and others. This course aims to help professionals to identify HSB and respond appropriately.

Learning Outcomes

By the end of the training, participants will have greater:

- Ability to recognise some pathways to HSB
- Understanding of the correct terminology and language to use
- Confidence in engaging positively with children, young people with sexually harmful behaviour and their families
- Knowledge of the Signs and Symptoms of HSB
- Understanding of the impact of trauma and the links between Trauma & HSB
- Understanding of the role of parenting and how to talk to parents about HSB
- Understanding of how to respond to sibling's victims of HSB

Wednesday 26/07/2023

09:30 Start
12:30 Finish

If you are interested, please send an email to ellen.roskilly@barnardos.org.uk with your name, borough, job title, and the date of the training you wish to attend.

Previous Feedback from the HSB Training:

"The Traffic Light system was brilliant, I will be using this in my work."

"This was really good training, very informative. I especially appreciated the emphasis that young people should not be labelled. I have worked with too many professionals who blame and label young people and appear to forget that they need to be treated with care and respect and not feel that they are blamed by everyone."

"I gained confidence in how to plan support for young people. Case studies really resonated with exact situations I've experienced in the past e.g the complexity when LD is involved, considering unmet needs etc"

"I gained tools and techniques on how to manage and observe this. Also that there is a very thin line between victim & perpetrator. The two trainers were fantastic."
