6. What did you like / find most useful about the conference ?

13 Responses

3	anonymous	Overview of what is happening across services within Havering. Online version was useful as this allowed me to use my time effectively with no need to be out of school longer due to travelling etc.
4	anonymous	Hearing updates from the different representatives.
5	anonymous	variety of tlaks and timings; good lenghts of slots; well facilitated and organised
6	anonymous	up to date info on external services - it was very well structured and time concise.
7	anonymous	Really interactive and informative
8	anonymous	Hearing from lead SLT and Lead professionals about forthcoming changes
9	anonymous	the breadth of areas and issues covered.
10	anonymous	It was good to hear of the new changes coming into force and how Havering will be working towards implementing those changes and what role various services will play in supporting

7. How could the event be improved?

13 Responses

3	anonymous	Continue as a online event.
4	anonymous	Can't think of anything.
5	anonymous	more invitations for the audience to partake in some shape or form; or at least state how many people where on the call, where people are coming from, etc.
6	anonymous	Found it very beneficial being able to attend virtually as in past have not been able to attend due to work commitments, this time I could still listen to relevant info whilst occasionally multi tasking and not missing anything. May I suggest going forward that maybe future conference's if they return face to face that they also could be a live webinar to join as it was informative and relevant to our practise.
7	anonymous	I don't think it needed to be improved
8	anonymous	opportunity for interaction/discussion
		Add someone from VCS or Compact who can present the breadth of what the VCS has done and is doing. HVC and volunteering is an important contributer to Havering. However, HVC only does a
