

Modern Slavery is a Safeguarding Concern

Do you know a vulnerable person who may be suffering abuse, neglect or self neglect?

Ask yourself...

What action can YOU take to make the person safer straight away?

- If there is an immediate risk to safety call 999.
- What help do they want?
- Do you feel able to ask them?
- Do you suspect a crime may have been committed? Call 101 to report crimes.
- Are there any other adults or children at risk?
