## Checklist: Spotting the signs of adult abuse

Abuse can happen to anyone, no matter their age. Each year, hundreds of thousands of adults over the age of 60 are abused or neglected. This checklist details the type of abuse that can occur and the signs to look for. If you notice any of the signs, please detail further comments and alert the relevant authorities immediately.

| Physical Abuse  | $\checkmark$ |
|---|--------------|
| Unexplained broken bones  Comments                                    |              |
| Welts Comments  |              |
| Bruises   |              |
| Comments  |              |
| Cuts Comments   |              |
| Sores Comments  |              |
| Burns Comments  |              |
